

## INDUSTRIAL TRACKS WARRANTY

### Eligibility

You (“**You**”) are eligible for the benefits of this limited warranty if you are the original user-owner (as opposed to commercial retailer) of the Global Track Warehouse (“**GTW**”) industrial track, subject to the below.

### Coverage

GTW industrial track (“**Original Tracks**”) is warranted for the period set forth below from date of original purchase by You against material defects in materials and workmanship (the “**Warranty**”).

<b>Track Type</b>	<b>Months of Services</b>	<b>Hours Limit</b>

Other Tracks	Twelve (12) months	N/A

\* Warranty period expires the earlier of expiration of months of service or hours limit

If GTW determines, in its sole discretion, (a) that the material defect can be repaired, the Original Tracks will be repaired at the expense of GTW or (b) that the defective Original Tracks are unserviceable, GTW will either replace the Original Tracks, or allow a credit to be applied towards Your purchase of replacement track.

THE REMEDIES SET FORTH HEREIN SHALL BE YOUR SOLE AND EXCLUSIVE REMEDY AND GTW'S ENTIRE LIABILITY FOR ANY BREACH OF THE LIMITED WARRANTY SET FORTH HEREIN.

- Missing, chunked or ripped lugs caused by cuts from a sharp object or due to overloading.
- Track on new OEM equipment (OEM warranty applies).

### Warranty Claim Procedure

To be eligible for the Warranty, You must comply with the procedure below.

- If You purchased the Original Tracks through a dealer, You must contact the dealer to undertake the following steps and You should not contact GTW directly. If You purchased the tracks directly through GTW, You must contact GTW directly; you may contact GTW at [info@globaltrackwarehouse.com](mailto:info@globaltrackwarehouse.com) or (847) 488-0988.
- You (or Your dealer, as appropriate) must first notify GTW of the claim within the Warranty period by providing to GTW proof of purchase and machine hours (if applicable) along with photographs accurately reflecting the conditions of use and the suspected defect. The Warranty request should include at least 8 photos being:
  - **Photo 1** Whole machine with any implements attached
  - **Photo 2** Whole undercarriage of claimed part
  - **Photo 3** Sprocket/Drive Wheel photo showing condition

- **Photo 4** Part defect area showing adjacent features
  - **Photo 5** Part defect close up (in focus)
  - **Photo 6** Part defect close up (in focus)
  - **Photo 7** Photo of logo and part number or size
  - **Photo 8** Photo of track serial number
- GTW will make a preliminary assessment as to whether the damage is excluded from cover and communicate this with You (or Your dealer as appropriate). The preliminary assessment may conclude that:
    - the warranty responds,
    - cover under the warranty is excluded, or
    - GTW requires physical examination to determine if the damage is covered by warranty.
  - If cover under the warranty is not excluded on a preliminary basis, You (or Your dealer, as appropriate) will need to agree with GTW on a date, which is no more than 3 weeks from notification that cover is not excluded on a preliminary basis, for replacement tracks ("**Replacement Tracks**") to be received by You (or Your dealer, as appropriate).

If notification of the damage is received by GTW within the first:

- 3 months of service for Skid Steer Tracks
- 12 months for Paver Tracks
- 6 months for other industrial tracks

GTW will then, at its own expense, deliver the Replacement Tracks to the relevant dealer (or to an agreed transport depot if there was no dealer).

If notification is received after the first:

- 3 months of service for Skid Steer Tracks
- 12 months for Paver Tracks
- 6 months for other industrial tracks

GTW make the Replacement Tracks available for collection by You at Your expense.

- If GTW requires to physically inspect the tracks to determine warranty response:
  - The Original Tracks must be available for collection by GTW (at the same place the Replacement Tracks were delivered to) within 3 weeks of the Replacement Tracks being delivered/ made available for collection by you (as appropriate) ("provided"). You are responsible for delivering the Original Tracks to the delivery location, at Your expense, within that period. You (or Your dealer, as appropriate) must inform GTW that the Original Tracks are ready for collection within 3 weeks of the Replacement Tracks being provided. If the Original Tracks are not

available for collection by GTW within 3 weeks of the Replacement Tracks being provided, the Warranty is void and You are liable for the full replacement value of the Replacement Tracks at the list price current at the time of receipt of the Replacement Tracks.

- GTW will, at its expense, collect the Original Tracks and have them examined and inspected (including if considered necessary by the US track compliance centre).
- Within 4 weeks of receipt of the Original Tracks, GTW will let You (or Your dealer, as appropriate) know if the claim falls within the Warranty.
- If the claim is not covered by the Warranty, within 21 days of GTW's notification of such non-coverage, You must pay GTW the full list price as at the date of replacement for the Replacement Tracks.
- If You (or Your dealer, as appropriate) are unsure whether the claim will fall within the Warranty, and You only want Replacement Tracks if pursuant to the Warranty, GTW encourages You to return the Original Tracks (to GTW or Your Dealer) for inspection and determination of Warranty cover by GTW prior to receipt of the Replacement Tracks.

#### **Prorated Replacement for Paver Tracks**

If the Original Tracks are Paver Tracks more than 12 months old from the date of original purchase, or more than 500 hours of service (whichever is the greater), and GTW replaces (instead of repairs) the Original Tracks or provides a refund, then You are responsible for a corresponding proportion of the current list price for the Replacement Tracks as reflected in the following table (whichever is the greater):

Months from Purchase	% You are responsible for
0-12	0%
12-18	50%
18-24	75%

Hours of Service	% You are responsible for
0-500	0%
501-750	50%
751-1000	75%

If the Original Tracks are not registered with machine hours, or proof of machine hours was not sent when the claim is submitted, the determination of Your share of the price of the Replacement Tracks will be made in GTW's sole discretion, including by examination of the tracks and tread.

**Replacement Track Warranty Period**

Track repaired or replaced (including prorated replacement) during the Original Tracks' warranty period will have a warranty period limited to the remainder of the Original Tracks' warranty period.
